

Horse Showing Basics with Darcey Woods

About This Clinic

Location: North Thompson Agriplex

April 27, 2019, 9am start

The Clinician: Darcey Woods will be conducting this clinic drawing upon her 30+ years of show ring experience and knowledge gained through the Equine Canada and HCBC General Performance Judging programs, to provide participants knowledge to confidently start preparing for horse show competition.

The Clinic: Auditors and riders both can gain a great deal of information from this clinic. Kids attending are strongly recommended to bring an adult! The adult will need to register as an auditor (reduced fee). These adults are the parents/guardians who are helping them when they practice and prepare, so they should have the same education and information as the rider to be sure they can help guide them at home.
